

"A new lifestyle for your lawn"

All Natural Revive & Thrive 2-0-2 with Asco 3 in 1 Topdressing & Repair

Features & Benefits

- Topdressing and repair contains 50% compost, 10% certified seed blend and 40% 2-0-2 with Asco fertilizer
- Asco (aka) Ascophyllum Nodosum 100% marine plant extract. Improves seed germination and increases root development.
- New seed growth in 7 to 10 days.
- 10% Kentucky bluegrass, 10% Creeping Red Fescue and 80% Perennial Rye Grass, all certified seed. Perennial Ryegrass contains high endophyte to aid in the prevention of surface feeding insects.
- Increases soil water holding capacity resulting in increased drought tolerance and increased irrigation efficiency.
- Granulated compost is derived from leaf and yard trimmings, free of weed seeds and has no odour.
- Acts as a food source for increased microbial activity.
- Retail – 2 kg Jug covers approx. 150 square feet
- Safe around children and pets.
- **Does not contain manure, animal by products or human waste.**

What Sets Turf Revolution Apart

- Grass seed remains suspended with in the mix for even coverage.
- Fertilizer is a homogeneous blend of nutrients.
- Grass seed is a certified blend with endophyte. Others may contain foreign seeds and annual type species.
- Compost enhances beneficial microbes increasing organic matter instead of vermiculite or other mulch type products.
